

Canberra Nature Park

PARK CARE

Hi Everyone.

Thank you to all those who came to the March Meeting: Phil, the Ranger, was delighted, he only expected about 6 people, we had 15! Its lovely being associated with the Group this year, we are having such good responses.

This month (on Sunday) we are replanting in the original plantations, we will be there all day so just come along when you can. I know some people are on holiday so we need all the help we can get.

On Wednesday 20th April pupils from Duffy Primary school are going to plant their trees in our latest plantation, if anyone can spare time then it would be appreciated, we need to dig holes!

The people who allocated our grant last year are coming to inspect our work on 1st May.

We thought we would walk the rest of the Ridge in May and June. In May we will meet at Titheradge Place and show you the area we have cleared of briars, plus Vanessa's patch. In June Tina will take you round Mt Arawang and show you the area she and George caretake, plus we will look at David Mackenzie's patch. We will cut herbacious weeds as we walk so please bring something to cut with if possible.

We had a pleasant day at the National Landcare Awards but didn't win anything. We were in a different league from some of the projects which had budgets of a million dollars a year!

We now have 10 people or groups acting as "caretakers" on the ridge, we need another 200!

Attached is the library list, if you would like to borrow anything give me a call.

Thank you once again to all those who are supporting us so actively.

Dates to remember:-

| | |
|-------------------|---|
| Sunday 10th April | Tree Planting, Plantations all day 8.30 to 3.30. |
| Sunday 8th May | Walk,talk & cut Titheradge Place 1.30pm |
| Sunday 5th June | Walk(climb) talk & cut Namatjira Drive 1.30pm |

Sincerely
Bess (2887536)

PS Do you have anything for our market stall?
