

MEMBERS NEWSLETTER NO 59

FEBRUARY 1998

Hi Everyone,

Thank you to every one who organised and attended the Park Care meeting this month where we welcomed new member Joan Vandewerdt. We will continue with tree surveying and weeding on 8th March but this time we will meet at the Namatjira Drive entrance and walk 200 m up the path to Mt Arawang slopes. We will end the afternoon by celebrating my 70th birthday one week early - do come!

Before that we are calling a meeting for this coming Thursday (26th February) 7.15pm for committee and 7.30 for members. We need to plan a programme and its costing for the coming year.

Sunday 1st March is "Clean Up Day", I will be at the gate to Stromlo Forest/Narrabunda Hill at the corner of Hindmarsh Dr and Eucumbene Dr from 9am to 12.30pm. I already have bags for rubbish if anyone wants to clean other areas beforehand.

On Saturday 7th March, weather permitting, I will have a stall at the Presbyterian Church fete (about 9 to 12), near the Woolworths entrance at Cooleman Court, on the grass outside the church.

For those of you who would like to know what specific eucalypt trees look like in the bush Gösta has compiled a list of his numbered trees and their names which is enclosed with this newsletter. Gösta's area is the one leading from the Kathner St cavaletti.

CNP staff have been spraying blackberries and woody weeds on and near Mt Arawang. If you find blackberries not sprayed please let me know where they are. We will be commencing whipper snipping as soon as the fire danger lessens; the area we did last year is showing a definite improvement.

Could caretakers please let me have their hours at the end of the month.

Statistics for January:-

Hours	170
Woody weeds cut & sprayed or dug	2228
Herbaceous weeds pulled or sprayed	11550
No planting or whipper snipping
