GENERAL NEWS

We hope the cows will not return to the Ridge; that depends on fire management plans. We can help by cutting or pulling oats and other exotic grasses which mature in summer. Please have a go when walking our area.

We have been informed that our grant for planting grasses and trees has been successful. When it comes we will be planting on the slope up from the old dam behind Cooleman Trig.

The garage sale raised \$170 towards a tree fund. Thank you for some wonderful help.
