

Hi Everyone,

Welcome to all new members - its lovely to keep adding names and faces to the group.

I hope everyone has climbed the 48 new steps up to Cooleman Trig. The work now taking place is re-grading the path up from Kathner St and making a dam to ease the drainage problem there. The new area for planting (up from Titheradge Place) should be ripped and fenced by the end of the month - we shall be planting there every Sunday in October so do come and put something INTO the ground for a change.

We are still working on Mt Arawang - meeting at Namatjira Drive every Sunday. We are there from 9.30 to 3.30 but would welcome help for any part of that time. As Spring is nearing all the "nasties" are beginning to grow and we need as many people as possible cutting them down before they can seed. If you would like to borrow loppers and/or poison (if you have been to a training day) just phone me (2887536) and it can be arranged.

Thanks to the people who attended the meeting in June we now have a committee, they are:-

Convener	Bess Sledge
Minute Secretary	Gosta Lynga
Project Officer	Pauline Lynga
Treasurer	Paul Weiss
Liaison Officer	Robyn Navin
Committee Member	Brett Hocking

As we have had to open a bank account for our grant money we have decided that we would like to add to that money to keep the account open. We are therefore having a GARAGE SALE at 21 ORDELL ST on SATURDAY 28TH AUGUST - NEXT WEEK. Please bring items for us to sell for you (we keep 10% for Park Care) as soon as possible to the above address. PLEASE HELP.

Brett Hocking (2882044) is a qualified plumber and, in addition to his low prices, he is willing to give a percentage of any money earned from our group to the fund.

We will be holding an exciting art and crafts sale in October (also taking 10% for the fund). If you make anything please try to sell it on our day and start saving up now to SPEND. SPEND. SPEND!

Another important date is THURSDAY 14TH OCTOBER when MALCOLM GILL will give a slide show and talk on Bushfires. This will be at Athllon Drive - very well worth seeing.
